SecAuth[®] is a strong user authentication system developed by Online Solutions. It can be integrated to any internet service with an individual authentication server or through an interface module connected to the service. For details contact myynti@online.fi

Patented technology: US Patent 10,313,136 B2

- Write your message, attach the files if needed, and send the message.

The screenshot shows an email composition interface. At the top, there are 'Send' and 'Cancel' buttons. Below that, the 'Sender' field is filled with '@gmail.com>'. The 'Recipient' field contains 'firstname.lastname@hyria.fi'. A message below the recipient field states: 'The domain part of email addresses must be one of the following: hyria.fi'. The 'Subject' field is empty. A yellow box highlights the 'Attachment >>' button. Below the subject field is a toolbar with a font style dropdown set to 'Normal', and buttons for Bold (B), Italic (I), Strikethrough (S), Underline (U), Link, Unlink, Undo, Redo, and a 'Source' button.

New user registration

- For registration, you need to provide your personal information. You can either let the system generate a password or choose to set your own by selecting the desired option.

Remember to keep the password safe for future use.

Secure email Registration

First name:

Last name:

Email:

Mobile phone:

- Get random password
 Enter password

A screenshot of an email message from Hyria. The email has a dark background with white text. At the top, the 'Hyria' logo is displayed in a white box. Below the logo, the subject line reads 'Instructions how to finish SecMail secure email registration'. The main body of the email contains the following text: 'You can finish registration at: <https://secmail.com/content/en>'. Below this, it states 'Link is only valid for 24 hours, then registration have to start again from beginning.' and 'If you need assistance or additional information, please contact our customer support.' At the bottom, there is contact information for 'Online Solutions Oy' and 'Customer support', including an address in Jyväskylä, Finland, and contact details for phone, email, and text messages. The phone number is (014) 4455 100, the telefax is (014) 4455 101, the email is info@online.fi, and the website is www.online.fi.
